We will meet at breakfast for a safari briefing before we start our scenic drive towards the world famous Maasai Mara. We will arrive at the camp in time for a sumptuous lunch and with enough time to settle in your luxury tent-Glamping at it best!!

The camp is positioned right at the border of Masai Mara and Serengeti and blend unobtrusively into the surrounding vegetation and has an authentic safari feel of bygone days. There is no better way to experience Africa than by spending a few nights under canvas listening to zebras barking, hyenas crying, and possibly hearing the roar of a lion off in the distance.

Sundowner in Masai Mara

When the heat starts to die down you will set off on your first game drive in search of the predators and a plethora of game viewing and photographic opportunities that are every bit as superb as advertised, expect the unexpected and enjoy every second of anticipation! but fear not...the Masai Mara always delivers.

After a productive search for game, Sundowners shall be enjoyed whenever and wherever the end of the day meets us – a daily chance to enjoy the vast Savannah grasslands of the Masai Mara – a breathtaking and unbeatable way to finish the day! On return to camp there will be hot showers and a sumptuous dinner waiting at the candle lit mess tent.

DAYS 5 & 6: NOV 16TH /17TH

MASAI MARA NATIONAL RESERVE

We will spend the next 2 days exploring the Sandriver and the Talek area is two of the richest predator areas of the Mara. We will focus on the big cats, including the Black rock pride, the Marsh pride, made famous by the BBC's series, "Big Cat Diary", the double cross pride, and the Rehero pride, which is quickly becoming as powerful as the Marsh pride. These locations are also known for cheetah and leopards, but we will probably see elephants, hippos, Masai giraffes, common zebras, gnu, impalas, Thompson's and grant's gazelles, topi, hartebeest, black-backed jackals, spotted hyenas and more, as the Mara is one of the lushest reserves in Africa. On past safaris we have photographed black rhino in this area.

We will also be closer to the Mara river; your experienced driver and guide will be monitoring the migrating herds of the wildebeest, and as soon as we see a sign of a possible river crossing, we will drive towards the river in hopes of capturing a large crossing.

The adrenaline starts pumping when you see the herds line up and march towards the river, gathering along the banks in mass. The suspense begins as you watch the first wildebeest, zebra, or Eland put in a hoof to test the waters. The drama unfolds as they are spooked, and the mass herd runs back, leaving a thick cloud of dust, or they plunge into the croc infested waters in a mass stampede, risking injury or death, to reach the other side.

In the late evening we will sit around the campfire as we excitedly share the events of that day. After a scrumptious diner, you will be escorted to your luxury canvas tents.

Your driver and guide will constantly be reading the herd and other wildlife movements and sharing with you the possibilities of sightings ahead. Ample photographic opportunities abound all around you and your seasoned driver/guides will orchestrate the best approach possible to ensure that you are placed as safely to the sighting as possible, whilst always taking light, wind and shadows into consideration and aiming to remain a passive bystander rather than an intruder on any sighting.

In the vehicle, everyone will have their own seat, the vehicles have custom made pop-up roof to protect you from the sun, wind or rain, whilst offering ample room to scan the savannah with your binoculars, view and photograph the Masai Mara and its Wildlife.

You will normally return to camp for lunch at 13h00 and enjoy some down time at your leisure. High tea at 15h30 will link up with the afternoon game drive.
