

YOGA RETREAT ON THE SAVANNAS OF AFRICA

7 NIGHTS/8 DAYS

A spectacular African sunset

Kenya is the home of the Safari. The lure of Kenya has always been the same, the sheer variety of landscape, wildlife, human cultures and experience. For over a hundred years Kenya has attracted adventurers and romantics from all over the globe. This has been the setting of some of history's greatest adventure stories. This is the home of Out of Africa, a place where setting out on an adventure into the wilderness became an age old tradition. The spirit of the Safari lives on today. The romance of sundown drinks and of evenings around a campfire with the distant roar of a lion in the African night is found in Kenya. Everyone should have the opportunity once in their lifetime to stand on the great plains of the Masai Mara Serengeti to witness one of the last major migrations on planet earth. Combine this with two yoga / meditation sessions a day and authentic African luxury accommodation of days gone by, and you have hundreds of great memories which become an ***experience of a lifetime.***

Searching for a visceral Five Star Yoga Retreat in an exotic locale? The breathtaking savannah and wild animals of East Africa offer the ideal backdrop for an inspiring yoga and meditation practice. Imagine sunrise yoga, in the open air, with the picturesque African landscape as your studio. The deep ochre African earth under your feet warmed by the

vibrant colours in the awakening sky. The distant sound of a lion or elephant. The unmistakable smell of acacia or jacaranda blossoms sweetening the air and filling your nostrils. Being mindfully in each moment, the sounds, scent and scenery are forever imprinted in your memory.

On this 7 night / 8 day Yoga Safari, Canadian yogi Elizabeth Stenning will guide you through gentle yoga flows, meditation, and Pranayam (breath work). As you relax into your practice and your mind / body awareness increases, your heightened senses will invite you to connect fully with the exotic African wilderness in which you will become fully immersed. The rich imagery of this exotic natural setting and its inhabitants combined with mindful movement, conscious breathing and time to meditate and calm your mind, will touch you on every level; mind, body and spirit.
